| Credit Card and eCheck Processing | Receivables Automation | Self-Service Payment Portal |

Automate your accounts receivables with a self-service customer payment portal.

Automate
Send automatically triggered invoice notifications and payment receipts to customers.

Empower
Direct customers to your branded self-service payment portal where they can view and pay their invoices online.

Integrate
Have approved payments automatically sent back to Acumatica and applied to outstanding documents.

Secure
Keep sensitive credit card and account information away from your business by sending secure payment links directly to customers.

Schedule
Sign up customers for automated recurring payments with flexible scheduling options.

Save
Receive the best payment processing rates by sending full transaction details pulled from Acumatica.

Businesses that rely more on manual AR processes have been found to have **30% longer** Days Sales Outstanding (DSO) averages than businesses who rely more on automated AR processes.
