October 2025 · Version 6.0

Support for Acumatica 2025 R1

Support for the new version of Acumatica is now available.

Support for Acumatica 2024 R2

Support for the new version of Acumatica is now available.

July 2024 · Version 5.0

AutoPay Request

Send autopay request emails or generate activation links for customers to schedule automatic payments.

Prepayment Request

Send request emails or generate payment links to collect prepayments within the Customer record.

Payment Request via Authorization

Send payment request emails or generate payment links directly within open Sales Orders with an authorization transaction type.

May 2024 · Version 4.0

Support for Acumatica 2024 R1

Support for the new version of Acumatica is now available.

Payment Request

Send payment request emails or generate payment links directly within open Sales Orders.

Payment Method Request

Request for new payment methods via email, URL or QR code within the Customer record.

Support for Additional Payment Methods

Support integration of Apple Pay, Google Pay, and PayPal payments from PayFabric Receivables.

December 2023 · Version 3.0

Surcharge Support

Support surcharging for credit card transactions within Acumatica and applicable payments retrieved from PayFabric.

AutoPay Access

Access and configure customer's AutoPay settings on PayFabric via a newly added option in the customer record.

Dunning Letter Support

Generate Payment Request Link automatically upon preparation of the Dunning Letter. Utilize the PayFabric custom variable within the Acumatica Report Designer to seamlessly embed a payment request link or QR code into the Dunning Letter Template.

Support for Acumatica 2023 R2

Support for the new version of Acumatica is now available.

March 2023 · Version 2.1

Support for Acumatica 2023 R1

Support for new versions of Acumatica is now available.

June 2022 · Version 2.0

Customer Wallet Management

Add a customer's credit card and ACH/eCheck account information from within Acumatica using the secure PayFabric hosted entry form.

Secure Payment Processing

Authorize and capture credit card and eCheck (ACH) transactions directly through Acumatica with PayFabric.

Level 2/3 Payment Processing

Save money on transaction processing by using PayFabric to send level 2 & 3 transaction details from Acumatica to help quality transactions for lower processing rates.

March 2022 · Version 1.0

Support for Acumatica 2021 R1, 2021 R2 & 2022 R1

Multiple versions of Acumatica are available with this initial release.

Customer Information Integration to PayFabric

Customer account information, such as historical invoice and payment data, are integrated with PayFabric to enable customers to view their account history on the PayFabric customer portal.

Outstanding Invoice Integration to PayFabric

Outstanding Invoices are automatically sent to PayFabric, which will enable customers to receive email notification and be able to pay the invoice using PayFabric.

Payment Integration from PayFabric

Payments made through the PayFabric customer portal are automatically integrated back into Acumatica and applied to the corresponding invoices.
